EXTENSION OF TWO STREETS

Council Will Visit Eleventh And Twelfth Streets Friday Evening and Reach Some Decision.

The city council met Tuesday evening and did it quickly. Owing to the warmth of the evening and the closeness of the council chamber the members did not seem disposed to transact any unnecessary business. All the members were present, including Mr. Wisenburt who for the past nine weeks has been confined to his home on North Sixth street with illness. He was welcomed back to his old seat and sworn into office by Solicitor Hahn.

When Messrs. Pharon, Rue, Crawford, Denzer, Wisenburt and McCurdy were in their seats, President Weisner called the meeting to order. Two or three of the members doffed their coats in deference to the weather man. The others tried to look comfortable in spite of the beads of sweat which stood on their foreheads.

Clerk Wimmer set the ball rolling by reading a petition to

Extend Twelfth Street from East Main street to Chestnut crossing the property of William Thompson, Johnson McDowell, Joseph McDowell and Robert McDowell.

"We could have gone through there for \$900 when we wanted to do it before," said Mr. Wisenburt.

"It can be done now for fifty dollars more," and Mr. Pharon.

Attorney Levi Williams addressed the council on behalf of the petitioners for the extension of Eleventh street and asked that the matter be carefully considered along with the new petition to extend Twelfth street.

Mr. Pharon offered a motion that council meet in a body some evening and go up and look at the proposed extension. The motion was carried and President Weisner fixed Friday evening at 6:30 as the time.

The committee appointed to make the

Transfer in Funds

of the city recommended that \$339.17 be transferred from the right-of-way fund to the street improvement fund, \$400 from the building fund to the street fund and \$400 from the paving fund to the fire fund. The report of the committee was accepted.

The estimate of City Engineer A. M. Fisher on the

Cost of Paving Fourth Street was read. He found that to pave the street with sheet asphalt from Pine street to the T. V. V. & O. railroad crossing, excepting the intersection at Main, Walnut and Chestnut streets would cost \$30,057.

The ordinance to appropriate \$2400 to buy twelve feet of the west side of the property of Howard-Robinson and the Walnut street school grounds for the purpose of widening Seventh street between Main and Walnut streets, was given its third reading. Captain James addressed council at considerable length on the proposed improvement. He reviewed the proceedings in connection with the improvement and earnestly requested the council to take action on the matter as soon as possible.

At the conclusion of his address, Mr. Pharon made a motion that the latter be referred to a committee who would report at the next meeting. The motion was carried and President Weisner appointed Pharon, Rue and Viscenberg.

An ordinance was read to levy an assessment against the owners of

JEW TO BE EXPELLED FROM KISHINEFF

Russian Government Still Squabbling in Technicalities.

[By Telegraph to The Age.]

St. Petersburg, May 27.—The chief of police of Kishineff has ordered the police commissioners within his jurisdiction to institute a fresh inquiry into the legal status of the Jews and to forcibly expel those who have no legal right of residence and who refuse to leave. A Jewish deputation from Kishineff recently had a long audience with Minister von Plehwe. The latter denied being a Judophobe and said he had not opposed taking proceedings against the former governor of Kishineff, General Von Raaben, and the local administration of Kishineff. The minister promised sympathetic consideration of the facts set forth in the petitions of the Jewish population for future protection.

TOM WHITE LANDED IN JAIL WITH CURTIS JETT

Both are Chagrined at Their Arrest and A Sensational Confession is Expected---Uprising is Feared.

[By Telegraph to The Age.]

Jackson, Ky., May 27.—The impression is strong that the conspiracy which has culminated in the series of assassinations in Breathitt county will be traced to the fountainhead, and startling developments are expected this week. Jett is bitter against the officials of Breathitt county, whom he claimed as friends and who he blames for not coming to his relief. It is not known what he expected of them, but he is bitterly disappointed. The jail is heavily guarded.

There is a belief that when Jett and White are put on trial there will be a confession and that a number of prominent men will be implicated.

Had not the posse which captured White ridden steadily all night he would have escaped. An informer left Jackson soon after the soldiers did, but was outtripped by about half an hour. He wept when he saw friends in the crowd at Jackson.

One company of militia and a galling gun and squad were at the station to meet Jett. It was feared that an attempt to assassinate him would be made, and he was escorted to jail with

SENATOR HANNA WITHDRAWS OPPOSITION TO ENDORSEMENT

IT IS NO JOKE.

Columbus, May 27.—Governor Nash played a practical joke on the citizens of Amesville, an Athens county village, today by reinstating Alonzo "Weed" as mayor. Weed got in on a tie vote and a toss up, the vote resulting from a joke. The citizens voted for him because the regular nominee had no opposition. Then it was sought to remove Weed because, it is claimed, he had arrived in town on a box car. He is alleged to be illiterate and is a midget. Governor Nash suspended Weed, but reinstated him today on the ground that the code gives him no power to remove from office except for misconduct. The governor remarked incidentally for the benefit of future generations of Amesville electors that the election of mayor is no joke.

HOTELS OF CHICAGO MAY CLOSE DOORS

Demands of Employees May Be Met With Unique Reply.

[By Telegraph to The Age.]

Chicago, May 27.—"Every hotel and restaurant in Chicago will be closed at once if the employees' union submits exorbitant demands," said Joseph Belfield, proprietor of the Sherman House, "and if we shut up the lockout will continue until the employees are thoroughly tired out. This action will surely follow a refusal of the union to recede from its preposterous demands or a refusal to arbitrate." Mr. Belfield spoke for the Hotelmen's and Restaurant Keepers' association, recently formed. A committee representing the 4,000 or more members of the union will submit a demand that amounts practically to an ultimatum. It is a schedule of increased wages that must be paid and affects all classes of hotel workers.

Telegram From Roosevelt Causes Junior Senator to Alter his Position on State Convention Endorsement.

DEFERS TO WISHES OF PRESIDENT

Senator Foraker is Greatly Pleased at Harmony-Message Was Same as Published Tuesday.

[By Telegraph to The Age.]

Cleveland, May 27.—No further opposition will be made by Senator Hanna to the proposed resolution in the coming Republican state convention endorsing the candidacy of President Roosevelt for another term. Senator Hanna has decided not to resist the resolution.

During an interview, upon being asked if he had heard from President Roosevelt with reference to the discussion concerning his attitude in connection with the resolution, Senator Hanna made the following statement: "I am in receipt of telegram from President Roosevelt which indicates to me his desire to have the endorsement of the Ohio Republican state convention of his administration and candidacy. In view of this I shall not oppose such action by the convention, and I have telegraphed the president to that effect." Senator Hanna positively declined to further discuss the subject, asserting that the brief statement above quoted fully covered the situation.

It is the general belief, however, among those close to the senator, that he still doubts the advisability of the adoption of a resolution endorsing President Roosevelt's candidacy by this year's convention. But it is pointed out that, in deferring to the president's judgment and expressed wishes, Mr. Hanna demonstrates that his original position in the matter was at no time prompted by personal antagonism to President Roosevelt.

Result Pleases Foraker.

Washington, May 27.—When the dispatch announcing that Senator Hanna would not oppose an endorsement of President Roosevelt at the coming Ohio State convention was shown to Senator Foraker he dictated the following statement: "I am very much gratified to learn that Senator Hanna has withdrawn his opposition to the endorsement of President Roosevelt's candidacy in 1904. Not on any personal grounds, for I have not at any time had any personal interest in the matter, but solely because I think endorsement good for Senator Hanna and the party as well as for President Roosevelt, who has well earned a second term by the splendid administration he has given us. The result will be a harmonious convention and an enthusiastic and unanimous endorsement for Senator Hanna for another term in the senate." The senator added that the votes of Ohio, added to the states that have declared heretofore for President Roosevelt, gave the president a majority of votes in the next Republican national convention.

SAGREEABLE REFLECTIONS

The mirror never flatters; it tells the truth, no matter how much it may hurt the pride or how humiliating and disagreeable the reflections. A red, rough skin is fatal to beauty, and blackheads, blotches and pimples are ruinous to the complexion, and no wonder such desperate efforts are made to hide these blemishes, and cover over the defects, and some never stop to consider the danger in skin foods, face lotions, soaps, salves and powders, but apply them vigorously and often without regard to consequences, and many complexions are ruined by the chemicals and poisons contained in these cosmetics.

Skin diseases are due to internal causes, to humors and poisons in the blood, and to attempt a cure by external treatment is an endless, hopeless task. Some simple wash or ointment is often beneficial when the skin is much inflamed or itches, but you can't depend upon local remedies for permanent relief, for the blood is continually throwing off impurities which irritate and clog the glands and pores of the skin, and as long as the blood remains unhealthy, just so long will the eruptions last. To effectually and permanently cure skin troubles the blood must be purified and the system thoroughly cleansed and built up, and S. S. S., the well known blood purifier and tonic, is acknowledged superior to all other remedies for this purpose. It is the only guaranteed strictly vegetable blood remedy. It never deranges the system or impairs the digestion like Potash and Arsenic and drugs of this character, but aids in the digestion and assimilation of food and improves the appetite. Being a blood purifier and tonic combined, the humors and poisons are counteracted and the blood made rich and pure, and at the same time the general health and system is rapidly built up and good health is established, and this, after all, is the secret of a smooth, soft skin and beautiful complexion.

Some two years ago I suffered a great deal, caused on account of bad blood. Small rash or pimples broke out over my body and kept getting worse day by day for over a year. Seeing S. S. S. advertised in the papers and having heard also it had cured several people in this city, I concluded to give it a fair trial. After using the medicine for some time, taking in all six bottles, I was entirely cured.

DISASTERS INCREASE

Death Stalks in the Storms in the Central West

NINE LIVES ARE LOST IN ONE TOWN

Violent Tornadoes Leave a Path of Death and Devastation—Lowa Institution For Feeble Minded Wrecked. Seven Tornadoes Reported In Nebraska In Twenty-four Hours.

Blanchard, Ia., May 27.—A tornado struck the town of Elmo, eight miles west of Blanchard and just across the Missouri line, destroying the town. Nine persons are known to have been killed and a number of others injured. The storm struck a three-story brick hotel, which was destroyed. Nine bodies have been removed from the ruins of the building and others are believed to be buried in the debris.

Des Moines, Ia., May 27.—Violent tornadoes, accompanied by heavy rains, have swept over Iowa, causing many fatalities, injuring scores, and entailing a property loss that will extend into the hundreds of thousands. Reports of the storm continue to come in.

Three tornadoes within the last 36 hours resulted in the loss of six lives, the fatal injury of three and the serious injury of a score of people, beside great property loss. The dead at Glenwood: Maggie Blettner of Adaza, Ia.; Hazel Wright of Adaza. Near Buxton: Georgia Blokley, Herbert Rhodes. At South Des Moines: Russell A. Knauff, aged 30 years; Floyd Knauff, his 8-months-old son. The victims at Glenwood were all inmates of the school for the feeble-minded.

The tornado hit the girls' dormitory first. The roof was torn off and fell back upon the wrecked building. All of the buildings of the group, including the hospital, dormitory, boys' building, custodian's building, farm colleges and the boiler room were more or less damaged by the storm. The superintendent estimates that the loss will be at least \$75,000. The 11 girls who were injured are being cared for in the hospital, which is practically intact.

The tornado near Buxton struck near what is known as Number 10 Junction, a mining settlement. All the victims were colored. The houses occupied by the Rhodes and Blakley families were smashed to kindling-wood. A string of half a dozen box-cars were smashed into unrecognizable debris and scattered over the surrounding country.

Thirteen Injured.

Omaha, May 27.—Eastern Nebraska was visited by another series of storms, several of which developed into small tornadoes. One visited Hastings, near which place was the scene of Sunday's heavy storms, and blew several buildings to splinters. Another struck Herman, where the home of D. R. Parish was demolished and Mr. Parish, his wife and child were seriously hurt. Omaha also received a storm which blew several houses from foundations and unroofed others in southwest part of the city. One of the most severe storms was at Davey, a small town northwest of Lincoln, which resulted in the injury of 13 persons, none fatally. Several of them, however, sustained broken limbs. The report received from there states that every dwelling and out-building in the town was wrecked. The storm originated in Lincoln and did a great deal of damage in that city loss on buildings being estimated at \$100,000. It moved northwest and split. The portion that struck Davey was seen approaching by the people of that town, most of whom were able to seek safety in cellars. A deluge of rain accompanied the wind and flooded the little town, which was strewn with debris, consisting of wrecked homes, furniture and dead animals.

Seven Distinct Tornadoes.

Omaha, May 27.—The local weather bureau is in receipt of official reports during the past 24 hours of seven distinct tornadoes, of various degrees of severity. The country is soaked and railroad traffic is badly hampered owing to soft roadbeds in many localities. The losses will foot up to several hundred thousand dollars.

Buildings Wrecked.

Decorah, Ia., May 27.—A heavy rain and wind storm did much damage here. Three buildings were wrecked and many trees were blown down. In 15 minutes the rainfall was one and one-half inches. In the past 24 hours the local rainfall has been two and one-quarter inches.

Church, Elevator and Stores Wrecked.
Severance, Kan., May 27.—A tornado swept through Doniphan county, doing a great deal of damage to buildings. The brick Catholic church here was razed. The grain elevator, store and cribs at Moray were destroyed and dozens of barns blown down.

Railroad Company Enjoined.
Wilmington, Del., May 27.—Judge Bradford in the United States circuit court granted the Western Union Telegraph company a temporary order restraining the Pennsylvania Railroad company from removing the wires or poles on the Maryland and Delaware divisions of the railroad.

Fort Wayne, Ind., May 27.—The Fort Wayne Huggy company was placed in the hands of a receiver by the stockholders. The liabilities of the concern are about \$5,000 and assets about equal.

AN UNUSUAL OFFER.

C. E. Anderson Guarantees Mi-o-na to Cure Dyspepsia.

Your money back if you want it is the way in which C. E. Anderson, the popular druggist is selling Mi-o-na, the great dyspepsia remedy.

This is an unusual plan, but Mi-o-na has so much merit and is so almost invariably successful in curing all forms of indigestion that he runs but little risk in selling under a guarantee of this kind. Do not be miserable or make your friends miserable with your dyspepsia. Mi-o-na will cure you. If it does not tell Mr. Anderson that you want your money back and he will cheerfully refund it.

A change for the better will be seen from the first few doses of Mi-o-na and its continued use will soon give perfect digestion and enjoyment of food.

Mi-o-na has been so uniformly successful and made so many remarkable cures that every box is sold under a positive guarantee to refund the money if it does not cure. What fair proposition could be made?

Mr. Anderson gives his personal guarantee of "money back if you want it" with every box of Mi-o-na that he sells. A guarantee like this speaks volumes for the merit of the remedy.

BROTHER GARDNER

He Lectures on Hypnotism and Telepathy.

"MY friends," said Brother Gardner as he rose up in Paradise hall and motioned to Brother Giveadam Jones to lower a window, "dar was a time in my life when if I went out in de raawnin' an' found a cow tract in my buck yard I was surprised. Tonight, if I should be told dat Mark Hannah had opened communicashun wid de people of de planet Mars an' had taken a contract to build a trolley line for 'em up dar, I should almost take it as a matter of co'se."

"De world has been gwine ahead till nuthin' kin amaze us any mo'. It won't be five y'ars longer befo' we become as familiar wid de occult as we am wid reform politics, an' dat assertion brings me to de subject of my lecture."

"I reckon dat mos' of yo' have heard mo' or less 'bout de matter of hypnotism, but yo' has been so busy rentin' post office boxes an' wearin' dimun pins an' bettin' on race hosses dat yo' haven't looked into it werry fur."

"Hypnotism is one pusson controllin' another by lookin' into his eyes. Fur instance, Way-down Bebee cum ober to my cabin last night to borrow \$2. I felt it in my bones as soon as he knocked on de doah. Brudder Bebee belongs to my church, but he's an absent minded man. He may borrow a dollar of yo' tonight an' furgit all about it fur a year or two. I don't say it to his detriment, as he was bo'n dat way. He had sot around fur awhile, tryin' to git his courage up to de stickin' pint, an' he had just opened his mouth to ax fur dat \$2 when I fixed my eyes on his. De effect was magical. He sot dar wid his mouth open an' his eyes hangin' out, an' it was two minutes befo' he could say a word. Den, instead of axin' fur \$2, he wanted to know if I would lend him a spade."

"Dat's hypnotism, an' it's one of de mysterious forces developed doarin' de last few years, but we am comin' to somethin' greater, an' that's telepathy. Yo'd better write de word down an' keep sayin' it over an' over, so yo' kin git it off in de grocery an' at de wood yard."

"Telepathy am de act of talkin' wid another pusson at a distance. He may be only around de corner or he may be a thousand miles away. He may be up a tree or down in a coal mine. It am no new idea, but we as a people have bin so busy wid patent churns an' barbed wire fences dat we haven't had time to take it up an' develop it. I begun to work at it about six weeks ago, an' my progress has bin all dat could be hoped fur. I don't want dis audience to go home tonight an' have nightmare an' dream of ghosts, but I do want to speak of a few facts."

"My first experiments war made on de old woman. Gwine around de corner an' walkin' a block down de street, I'd tell her dat I wanted tripe fur dinner or codfish fur supper, an' so, she'd prepare de said dishes. I could make her carry out ashes or bring in coal."

"I could not only communicate wid her, but could receive communicashuns. I was a mile away one day when she told me dat de flour bar'l was empty an' de last of de taters in de kettle. On another occashun I was comin' home at midnight wid a couple of chickens under my arm when she

communicated to me de fact dat a policeman was hangin' around de gate to interview me. Again as I was goin' up an alley wid a basket on my arm de look fur coal she warn me dat de fuel shed I should come to on my right had a man an' a shotgun in it. I could cite yo' numerous other incidents, but dese I have mentioned will suffice."

"Rough get at de key of telepathy, I want to make one thing clear. Yo' can't be a member of de club unless yo' can be a member of de club."

MISS MONIE BOWEY

No. 38 Perry Street, DETROIT, MICHIGAN

A couple of winters ago I slipped on a frozen sidewalk and fell flat on my back. On being examined I found that I had sustained internal injuries which laid me up for more than two months. After that I noticed that I had pains in the back and groin which I never had before. I doctored and doctored for several months but as the pains increased instead of growing better I decided that I was not having the right treatment. Reading in the papers of the wonderful cures performed by Wine of Cardui I wrote to one of the parties and received a very satisfactory reply and I immediately sent for some. In a very short time I felt generally better and after seven weeks faithful use I was once more well and strong. I have never had a sick hour since and I daily bless your splendid medicine.

Wine of Cardui makes men more womanly by making their weakness and making them stronger. Wine of Cardui cured Miss Bowe. As a medicine for all women in every trying period, their lives can you think of better medicine for you, your sister, your daughter or your mother? Can you think of a more acceptable present to give your friend than a bottle of this medicine which will bring her health and happiness? You are suffering? Your duty is to rid yourself of this pain. If your daughter, mother, sister or friend is sick and in need of relief, your duty is equally great to them. Many women, now well, owe their lives to friends who brought them Wine of Cardui.

WINE OF CARDUI is one medicine that should always be kept on hand in every home for immediate use when female weakness first makes its appearance. Miss Bowe's painful and dangerous accident would not have resulted so seriously had she taken Wine of Cardui promptly.

Wine of Cardui is adapted to women at any age in any walk of life. For the working woman it gives her strength for her tasks and better treatment than a doctor for very small cost. Your druggist will sell you a \$1.00 bottle of Wine of Cardui. Secure the medicine today. Take it in the privacy of your home. Relief will come to you as surely as you take it.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

three or fo' midsits an' den said in a whisper:

"Uncle Reube, yo' went away owin' me \$3 an' I want it."

"Brudder Gardner, yo' am a pesky old liar," was de answer almost befo' I could draw my breath.

"Two years ago Brudder Artichoke Johnson of dis club had de misfortune to find a gold watch in de middle of de road. He was arrested an' tried an' sent to Sing Sing fur seven years. I believe dey somehow made out dat dere was a drunken man attached to de other end of de watch chain. It struck me to communicate wid de unfortunate, an' arter fixin' my thoughts on him I said:

"Brudder Johnson, how am yo' feelin' jest now?"

"It was 10 o'clock at night, an' I reckon he was asleep, but not ober a minute had passed when he replied:

"None ob yo'r dratted bizness."

"In de past two weeks I has made other experiments—experiments dat would have made de chills go up yo'r backs six months ago. I has sent messages to Chicago, St. Louis, New Orleans an' Boston. I has communicated with Siberia an' Africa. I has got my old woman so skeered of me dat she disn't spend a cent fur a stick of gum widout tellin' me, an' my old dog sits up on end an' howls dismally ebery time I look him in de eye."

"I shall keep right on untill telepathy is as plain to de human race as telephony; an' if I am de fast to solve it's mysteries it will be my pride an' yo'r satisfaction dat it was accomplished by a cul'd man an' one of de down-trodden race."

"In conclusion, let me say dat I am now receivin' a telepathic message from de old woman axin' me to bring home oatmeal fur breakfast, an' in reply shall tell her dat de groceries am all shet up, an' she must stir up some flour an' have pancakes."

NOT OF HUMAN KINDNESS.

The slaughter of the innocents has been surpassed by twentieth century innovations. Last Wednesday, so state dispatches, three hundred children died in Chicago as the direct result of the arbitrary move of the milk wagon drivers.

Sunday a Chicago rabbi went into convulsions about the treatment of Russian Jews. Four days previously the innocents had died like flies, and the awful rate continues almost unabated.

It is all the result of an innovation that few union labor men will condone. The milk wagon drivers, who have been making two deliveries a day, determined hereafter to make but one. As an actual and immediate result of their step, 300 babes died in one day, and an abnormal rate still continues. The poor of a city have not the means to take ice and the milk, thus delivered, comes to them so old, that it is laden with latent poison. It would be almost as reasonable to feed babes on nitric acid as the lactic acid fluid that comes, full of formalin and germs, after being kept twenty-four hours in the milk depots instead of being delivered at once over the routes.

Public agitation is great in Chicago over the matter and the women of the city are making a vigorous fight. Many of the leading union labor men are open in denouncing the uncalled for action, and are urging the milk wagon drivers to again make two deliveries a day. The matter has assumed such proportions that it is now one of municipal moment, and drastic actions are threatened.

Looks as if that state convention was not going to furnish any excitement after all.

Affairs Political

Politicians are happy now, and eastern Ohio is as busy with political affairs in both parties, as a hive of bees. It is in this kind of a hive, too, that there are few drones. They don't seem to thrive in this business. Following is the result of many of the county conventions recently held in this vicinity.

Republicans of Perry county elected delegates to the state convention as follows: Hon. Tom D. Binkley, New Lexington; Dudley H. Foster, Corning; E. P. Pedlow, New Straitsville; S. W. Pascoe, New Lexington; D. H. King, Glenford; M. G. Calhoun, Thornville; T. C. Wilson, Somerset.

In Fairfield county the following delegates to the Republican state convention were chosen: A. I. Vorys, C. C. Pickering, Colson E. Linville, L. H. Kennedy, J. D. Zollinger and R. J. Peters. The delegates are uninstructed. The county ticket named follows: Representative, C. A. Johnson, auditor, J. M. Morris; treasurer, Chris Galsor; commissioner, I. N. Carnes; infirmary director, Daniel Knecht; coroner, Dr. J. W. Hufford; surveyor, John N. Wolfe.

The annual Democratic May meeting was held Saturday at Newark, N. J. Solicitor Smythe presiding. Judge Brisler was temporary chairman. June 6 was fixed as time for the primary election. State delegates were named as follows: E. W. Crayton, W. H. Anderson, J. A. Newton, F. A. Bolton, John David Jones, Eugene Moore, Price Glynn, E. M. P. Brister, William Courson and George P. Hill. Alternates, J. Howard Jones, J. M. Farmer, Charles W. Miller, Jehiel Tedrick, Clint McKinney, Thomas Tucker, George B. Taylor, David B. Hittsford, Frank Householder and J. D. Tedwell. The names of both Bryan and Cleveland were omitted from the resolutions adopted.

The Republican county convention at Zanesville Saturday endorsed Hanna for senator to succeed himself and the strenuous rough rider, Theodore Roosevelt, for president in 1904. They instructed the state convention delegates for Myron T. Herrick, but not for the third term candidates. Colonel Boone did not go before the convention for representative owing to the failure of adoption of his resolution. The ticket follows: Representative, Hon. J. M. Carr; clerk of courts, James A. Brown; treasurer, J. M. Barnett; coroner, Dr. D. J. Mathews; commissioner, James C. Tanner; infirmary director, Howard Spencer.

has made him bold.

It is now announced in Cleveland that he will make a tour of the state with a view to placing tried and true Johnson men on guard everywhere. This process may cause a ruction in the party, but it is the opinion of the drastic treatment. Johnson thinks that but little can be accomplished in many places as long as the present leaders are in command and they will be unhorsed, if possible.

The mayor will put his whole attention to the legislative situation, as he has abandoned all hope of doing anything substantial in regard to the state ticket. He has his eyes on the next general assembly. If the anti-Johnson men now in control of the party machinery in many of the counties can be removed, Johnson will have no trouble in running things his own way.

He has not yet specified the details of the work of cleaning out the antis, but it is certain that he will be establishing another precedent when as a leader he goes out boldly into all sections and actively mixes in the primary contests. Up to this time he has been solely engaged as far as state politics is concerned with the "eight black sheep." Now that he believes that he has effectually disposed of the black sheep the mayor proposes to get into the other end of the work with vigor.

It will certainly be a unique spectacle to see Tom L. Johnson going about the state and interposing, not as a boss, but as a dictator, to declare who shall and who shall not be a candidate for the legislature. It means one of the liveliest contests for the control of the general assembly seen in Ohio for years.

Hon. W. E. Guerin, jr., announces that he will not be a candidate for a second term in the house. This is surprise, but it is possible that Colonel Ed Zuerhorst had some advance information on the subject. Guerin was mentioned for attorney general some time ago, but the boom seems to have died of imperfect circulation.

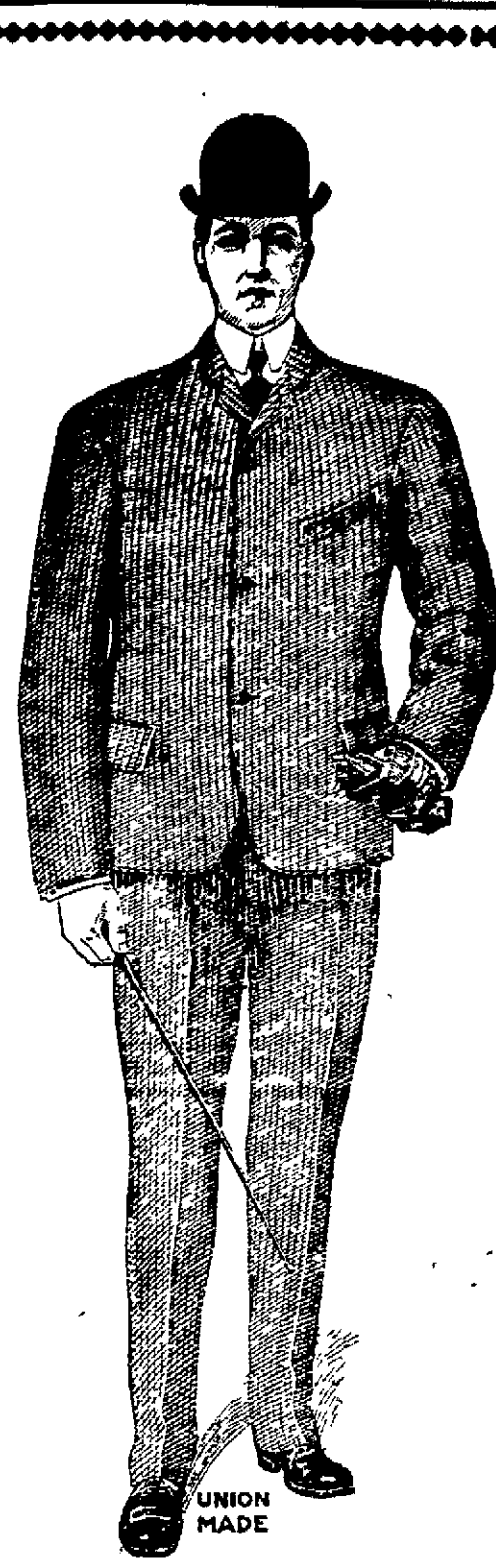

Congressman Warnock has secured an order from the postoffice department establishing county mail service in the counties of Champaign, Logan and Hancock, thus providing for mail to every farmer in these three counties every day by carrier. The work of plating the counties will begin in June. This ought to settle a third term for Colonel Warnock.

Evidence increases that the McLean faction of the Ohio Democracy, so far as activity in the state campaign is concerned has arranged to give Tom L. Johnson another chance to be wiped off the face of the earth. The McLean followers will simply go through the motions of supporting the Democratic ticket, on the score of regularity and the overwhelming defeat that is sure to follow will be charged to Johnson.

The organized labor of this city was recognized by Franklin county Republicans by the nomination of Richard R. Reynolds for the house, and it is the understanding that they will line up for him to a man.

The result of recent political events in Muskingum mark the rise of George K. Browning, chairman of the county committee in the affections of the Republicans. This means that Congressman Van Voorhis will retire at the close of his present term and that Mr. Browning will be the choice of the organization for congressional honors.

The retirement of General Andrew Hickenlooper, after serving as president of the Cincinnati Gas company for a period of 26 years, recalls the fact that he was once lieutenant governor of Ohio in the first administration of Governor Charles Foster. The convention that nominated Foster over Judge Taft by a small majority, was held in Cincinnati and the second place on the ticket was given Hamilton county as a compliment to the old friends of Judge Taft. After serving two years as president of the senate, Hickenlooper quit the game of politics and remained in business harness.

CASE OF SON AND FATHER

Circuit Judges Quash Habeas Corpus Writ in Holtz Case.

Intricate Twists of Unique Suit Being Argued by Attorneys.

Judges M. H. Donahue, T. J. McCarthy and C. H. Norris, who are sitting on the circuit bench here, are listening to the case of Holtz vs. Holtz.

The case was tried in common pleas court it will be remembered, last January. Judge Maxwell found in favor of the plaintiff, L. B. Holtz, and ordered his son, G. W. Holtz, to surrender two notes of \$500 each, which had been the bone of contention. G. W. Holtz, who is represented by R. A. Powelson appealed the case. G. W. Holtz did not comply with the order of the court and was charged with contempt of court.

Judge Eason found him guilty of the charge, fined him twenty-five dollars and ordered him remanded to prison. He was released by Judge Voorhees upon a writ of habeas corpus. The case was appealed upon error to the circuit court.

The motion to quash the writ of habeas corpus was argued in the circuit court Tuesday afternoon and was sustained.

The circuit court held that the petition in habeas corpus was insufficient and gave leave to the plaintiff in error to prepare a new petition.

This morning the original suit for the restitution of the two notes was taken up and is being argued, this afternoon. Attorneys J. C. Adams and J. G. Daugherty represent the father, L. B. Holtz.

STILL NO CLUE TO FIEND

Assailant of Little Hazel Wilson Not Yet Apprehended.

The young man who committed the foul crime upon Hazel Wilson, at Morgan Run, Monday afternoon, is still at large.

A report from Morgan Run this afternoon, that a man answering the description given by the little girl had been arrested at Canton is unverified.

The authorities have been attempting to trace a certain young man, acting upon the suggestion of the little girl who said the young man who assaulted her looked like this individual, who, strangely enough, is known to have been in Coshocton as late as three o'clock Tuesday morning, and has now disappeared.

Chief Mapel, upon the order of Prosecuting Attorney Wheeler, went to Uhrichsville and Dennison yesterday but could find no trace of the young man and returned to Coshocton today.

The crime has created a fervor of excitement, not only in the immediate vicinity of Morgan Run but in Coshocton and all over this section of the country. Considerable vexation is expressed that the criminal has not yet been captured but it seems the authorities are doing all they can to get some clue as to his whereabouts.

As the details of the horrible crime come to light the thirst for vengeance in the mining community increases.

property abutting on Fourth street and authorizing the mayor and auditor to issue and sell ten bonds of \$3000 each bearing interest at five per cent. The assessments are to be payable in ten annual installments.

Mayor Rinner suggested that the License Laws of the city were too high and asked that council consider the matter of changing the ordinance. He also touched upon the slot machine case and said it had practically been referred back to the city by Judge Maxwell. Solicitor Hahn promised to look up the matter and find out what should be done with reference to the payment of witness fees.

The mayor said the city funds were short except the police funds. He said that in order to cut down the expense of sending men to the work house he had been letting drunkards go unpunished. He found this was getting monotonous. He also informed council that the old soldiers expected the city officials to head the parade Decoration day.

The question came up as to the number of the installments in which the Fourth street assessments is to be paid.

Dr. McCurdy said he thought the property owners understood that the payment should extend

Over Fifteen Years. Solicitor Hahn read the section of the new code on assessments which provides that all improvement bonds are to be issued payable in from one to ten installments. He thought the ordinance should be held until he was able to look up the matter more thoroughly but Dr. McCurdy dreaded to have the improvement of Fourth street delayed two weeks more.

"If Fourth street is not paved before the snow falls," said Dr. McCurdy "it will not be the fault of the old council. They turned the matter over to us in good shape. It is really too bad if we can't know if these assessments are due in ten or fifteen years."

It was decided to hold a special meeting Friday evening and allow the solicitor time to look up the matter.

A committee, composed of Messrs Rue, Crawford and McCurdy, was appointed to meet with the new tax commission for the purpose of making a tax levy to replenish the coffers of the city.

The bill ordinance was read and upon a motion of Mr. Pharrion, was passed. Council adjourned till Friday evening of this week.

STRIKE IMMINENT

That Will Take a Hundred Thousand Men From Their Work.

Philadelphia, May 27.—In all of the local textile mills notices were posted by the manufacturers announcing their refusal to grant the demand of the workers for a 55-hour week. The employees fixed June 1 as the time limit for the concession, and it is almost certain that a strike involving upwards of 100,000 men will be inaugurated next Monday. Two of the most important organizations in the textile trade—the Ingham Carpet Weavers' union and the Wool and Cotton Piece Dyers' wet and dry finishers' union—have already voted to strike. There are about 10,000 operatives dependent upon the weavers, and a strike would close all of the Ingham carpet factories in the city.

To Regulate Opium Traffic.

Washington, May 27.—Mail advices from Manila announce that the bill now pending and which comes before the commission in June for passage, providing for the regulation of traffic in opium, provides among other things that no opium shall be sold to a Filipino and that it shall only be sold to a Chinaman who has attained his majority. Protection is afforded to druggists who handle opium for medical purposes and machinery is provided the police for keeping track of its importation. The revenue derived under the operation of the act is to be used to defray the expenses of educating young Filipinos in American schools that they may become schoolteachers.

Will Protect Ryan.

Washington, May 27.—While the postoffice department can not guarantee Ryan, who furnished evidence in the Miller case, immunity, it will put his service in turning states' evidence in the best light before the court. Miller had charge of the investigation of the Ryan case and prepared the letter which Acting Assistant Attorney General Christianity signed. This letter, which constituted the decision of the department, allowed the concern to use the mails, and was signed Dec. 10. The decision in the Arnold case, which served as a precedent and whose language it followed, was signed by Assistant Attorney General Tyler Dec. 4.

Fatal Collision.

New Baltimore, Mich., May 27.—Ten people were injured in a collision between a Rapid railway electric passenger car and a steam freight train that ran on the company's tracks heading from the south. The leader of the freight engine was driven half way through the passenger car, mauling it to splinters. The seriously injured, James M. Johnson, and W. L. Lane, C.

may die; Motorman Axtell, internal injuries; Rev. Father Jerry, Algonac, leg broken. A mistake in orders is said to have caused the accident.

Mail Held Up.

Washington, May 27.—Postmaster General Payne signed an order forbidding the delivery of mail and the payment of money orders to "William C. Liller and William C. Liller, adjutant general," of Lancaster, Pa. According to the postmaster general Liller represents himself to be the duly elected and qualified adjutant general of the Spanish-American war veterans. The order is an echo of the factional controversy in the ranks of the Spanish war veterans.

Ruhlin Outpointed Opponent.

Boston, May 27.—The 15-round bout between Gus Ruhlin of Akron, O., and Sandy Ferguson of Chelsea at the Criterion Athletic club was called a draw, although Ruhlin outpointed his opponent.

Have Documentary Evidence.

Cincinnati, May 27.—The warrants for D. V. Miller, assistant attorney in postoffice department at Washington, and Attorney Johns at Rockville, were drawn up here last Saturday by United States Attorney Bundy and his assistants on information by postoffice inspectors who have a great mass of documentary evidence, notably a letter to John J. Ryan of the turf commission concern from George A. C. Christianity as acting assistant attorney general for the postoffice department, informing Ryan that the investigation satisfied the Washington officials of his right to use the mails in his business. In one corner are the initials "D. V. M." in Miller's handwriting, indicating that Miller dictated the letter, and for that reason, the officials say, there is no proceeding against Christianity. This letter was not forwarded to Ryan, but it came to him through Johns when they met in Cincinnati Dec. 10, 1902, after Ryan paid Johns \$1,100 cash and \$3,400 in St. Louis checks.

Strike Progresses.

Indianapolis, May 27.—John Mitchell, president of the United Mine Workers, is home from the east. T. L. Lewis, vice president of the organization, who accompanied Mr. Mitchell to Pittsburgh, left for the New river field of West Virginia and is now at Charleston. Secretary Wilson said the strike had progressed favorably from the standpoint of the organization, there being no mine in the district that will be operated in more than half its capacity.

White Man Suspected.
Lawrenceburg, Ind., May 27.—While
the sheriff and deputies and many
farmers are still scouring the country
for the murderer of Rosa Kaiser, it is
now believed that the assault on both
Rosa and her father was by a white
man and not by a negro, and that re-
venge instead of robbery was the mo-
tive. Martin Kaiser and Frank Aust,
an uncle of Rosa Kaiser, are both of
this opinion. Aust said, "The man who
did the deed is closer at home than
any negro." It also develops that Bar-
ney Schimes, a decrepit white inmate
of the infirmary, who had wandered
away, is the one who so badly fright-
ened the Smith girls on Sunday while
their mother and brother were at
church, and in their fright they
aroused the neighborhood by saying a
negro assaulted them.

SPRING COUGHS and colds, bronchial and lung troubles, la grippe and its after effects, are always more aggravating and severe, because of the low state of vitality to which the system has been reduced by the rigors of winter.
Hagee's Cordial of Cod Liver Oil (with Hypophosphites) immediately stops the progress of these insidious troubles. Repairs and rebuilds the worn-out nerves; purifies the blood, and establishes a resistive force full of glow and healthy vitality. Contains all the curative properties of cod liver oil without the grease. Very agreeable to take.

Chicago, May 27.—J. J. Jacob, head of the Montana Mining, Loan and Investment company, was found guilty in Judge Chetlain's court of conducting a lottery. Passing of sentence was deferred, but the court intimated to the convicted man that the fine would be \$1,500. Ferid denunciation of Jacob's company was made by Judge Chetlain, who described it as a "gigantic scheme to defraud." The attorneys for the defense said the company would cease to do business.

Hundred Buildings Burned.
Laconia, N. H., May 27.—Nearly 100 buildings have been burned, 350 per sons are rendered homeless and a loss of between \$350,000 and \$400,000 has been caused by a fire in the Lakeport section, the area burned over being about 150 acres. The fire started in a boiler room of the H. H. Wood hosiery mill. The flames spread quickly to the finished lumberplant of the Boulla & Gorrell Co., and then to the works of the Laconia Light company. Both these plants were destroyed.

Twelve Lost in Storms.
St. Johns, N. F., May 27.—The severe gale which swept the coast last Sunday did much damage to the fishing vessels on the Grand Banks. One vessel, the Peerless, of Lunenburg, N. S., has run into this port and reports having lost 12 men during the storm. Other fishing boats report smaller losses. It is feared that the fatalities will reach a large total.

Will Contest Election.
Baltimore, May 27.—Congressman Frank C. Wachter filed a petition asking for the recount of the ballots in the recent municipal election, the re- turns of which gave Robert M. Mc- Lane an apparent plurality of 569. Mr. Wachter alleges that there were irregu- larities in every ward and precinct in the city, and if the recount be made the result would show that he was elected to the mayoralty by a comfort- able majority.

Seven Millions For Boy King.

Historic Castle.

The plans for the German national pavilion at the world's fair, St. Louis, have been completed and submitted to the director of works, Isaac S. Taylor, for approval. It has been the endeavor of the German government to keep the architecture of the building in harmony with the exposition buildings in the immediate vicinity. The pavilion will be a fairly accurate reproduction of the central portion of the royal castle at Charlottenburg, near Berlin. This old castle occupies a conspicuous place in the history of German architecture. It was built about the end of the seventeenth century for and under the direction of Frederick I, first king of Prussia. The castle was designed by Andreas Schlueter, the greatest German architect of that period. The architecture of the Charlottenburg castle is imposing. The main facade is in two stories, crowned by an enormous stilted dome. The facade of the first floor is in rustic stone. The second floor is ornamented with engaged Corinthian columns. In the center of the facade is a projecting bay crowned by a beautiful classic pediment.

The drum of the dome which is also surrounded by a Corinthian engaged colonnade, is higher than one of the stories of the building. The curve of the dome is broken by six bell's eyes. The dome is crowned by a towering lantern surmounted by a sculptured figure.

figure.

In the pavilion the ground floor will be used for reading, writing, office and reception purposes. The second floor has been set aside for purposes of representation. It will embrace an actual reproduction of the state rooms of the castle of Charlottenburg. These rooms will be fitted up with the precious old furniture, goblets and silver ornaments, the products of bygone days. In a separate building but connected with it will be a restaurant and a "Kneipstube" a combination of smoking room, drinking room, restaurant and fraternal society lodge room. This subsidiary building will harmonize completely with the architecture of the main structure and will be connected with it by an alley.

ORATORIO IS GREAT SUCCESS

Orethian Club Sings Mendelssohn's Elijah to Appreciative Audience.

Great Credit Due Local Vocalists for Pleasing Interpretation.

Decidedly an artistic, even though not a financial success, was scored by the Orethian club Wednesday night by their very pleasing rendition of Mendelssohn's majestic oratorio, "Elijah," at the Presbyterian church.

In spite of the fact that the chorus was not as large as is generally considered requisite for the great composition, yet the chorus work was exceptionally good. The volume was there, and the interpretation was most pleasing.

The soloists, Mrs. Kerlin, soprano; Miss Brooks, contralto; Mr. Dawson, tenor; and Mr. Hosmer, basso, are too well known to musical Coshocton to need special comment. They sang with rare expression and seemed imbued with the glorious sentiment of the composer. Without exception their work was highly meritorious.

Too much praise cannot be given Mr. Hosmer for the indefatigable effort that made the rendition possible. His method of conducting the singing showed a full acquaintance with the intricacies of the oratorio and a full appreciation of the soul of the master.

Fully as important in the perfecting of the ensemble, was the work of the accompanist, Mrs. B. F. Voorhees. The soloists and chorus were supported by the piano in a manner that led them forward to excellent achievement. Mrs. Voorhees' accompaniments never wavered and largely to her is due the success of the entertainment.

Those fortunate enough to hear "Elijah" are of one accord in their praise and it is a consummation devoutly to be wished, that the Orethians will continue in the grand work they have begun. Those taking part in the program were:

Soloists—Mrs. Harry Kerlin, soprano; Miss Eleanor Brooks, contralto; Mr. E. A. Dawson, tenor. M. A. E. Hosmer, bass.

Mrs. B. F. Voorhees, accompanist.

Angel Trio—Mrs. Kerlin, Mrs. Winters, Miss Brooks

Sopranos—Mesdames Walter Wint, James Sheffer, H. S. Platt, Winfield Scott, F. E. Pomerene, James R. Johnson; Misses Erma Coe, Lella McGinnis, Carrie Elliott, Mary Fink, Edna Platt.

Contraltos—Mesdames Daniel Lee, Carlos Denman, Annie Dockenwaddel, and Misses Nellie Schleich and Ethel Shrake.

Tenor—E. A. Dawson.

Basses—James H. Lear, J. C. Merrill, E. O. Riggs, Gustave Vaupel.

The Boston piano, made in Coshocton, was used.

SNOWBALL REPORT DISCREDITED AT MINE

Report was current on the streets this morning that an accident had occurred at the Cassingham mines below the city yesterday afternoon that had resulted in the injury of one man and the entombing for a limited time of a number of others.

The story was to the effect that a slide of rock, such as is not infrequent in any mine, had occurred, smashed the motor, and plunged the mines in darkness, besides doing the injury above enumerated.

Investigation at the mines proves that there was a slight fall of rock, but that no one was in any way injured, nor was there any damage done. The debris was quickly cleared away and did not delay work.

Great Conqueror.

Rev. I. B. Dillin, will preach next Sunday evening at 7:30 at Union chapel on "The World's Greatest Conqueror", at the request of the soldiers of his congregation. There will also be special patriotic singing.
